2. The plans have my approval and they have also been approved by the Special Consulting Architect. The cost of the proposed scheme according to the revised estimate is Rs.24,000/- and I recommend that a

subsidy

subsidy not exceeding one half of the actual expenditure or Rs.12,000/- may be promised from provincial funds. It appears that the construction has already been started, and is likely to be completed before the end of the current year. In that case the expenditure can be met out of the allotment of Rs.1.5 lakhs under 31 B(b)(iii) Education-Secondary-Transferred subsidies to local bodies for the construction of Secondary school buildings in the Budget Estimate for 1924- 25.

3. The plans and estimates of the Board High School, Bhavani have been sent to the President, District Board, Coimbatore as they require certain revision. They will be submitted to Government as soon as they are received from the President.

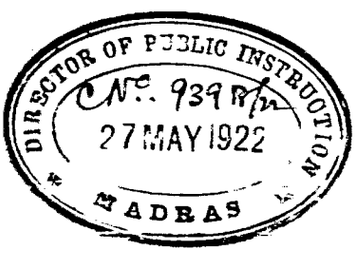
Sir,

I have the honour to state that the subject of providing adequate accommodation in the Board High School at Kollegal has been a long felt want and the same has been often complained of by the inspecting officers of the Educational Department also, for the past few years. In order to provide sufficient accommodation to all the classes in the school the District Board has in its resolution No. 77 dated 20th May 1922, sanctioned an estimate for Rs. 24,300/- for extending the present school building. In view of the present financial position of the District Board

Board, it has been resolved by the Board to request the Government to sanction a half grant. I, therefore, request that Government will be moved to sanction Rs. 12,150/- being half of the estimated cost from Provincial Funds, as the other half will be met from the Board's Funds.

2. The estimate was prepared by the District Board Engineer and approved by the Inspector of Schools. It has been -- scrutinised and sanctioned by the Superintending Engineer.

3. Additional accommodation is urgently wanted for the Bhavani School also and an estimate for Rs. 17,000/- is under the scrutiny of the Superintending Engineer. It will not be possible for the District Board to meet the long felt urgent needs of the two schools, unless the Government pays atleast half the cost.



I hav the honour to be,

Sir,

Your mst obedient servant,

hw President, Dt. Board.

Through

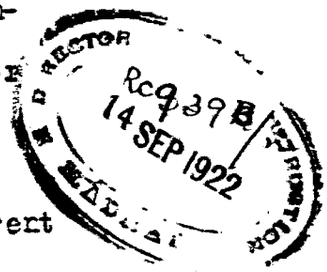
The Director of Public Instruction,

Madras.

Sir,

In continuation of my letter R.O.C. No. 670/D. B. of 1920, dated the 24th May 1922, applying for half the grant i.e. Rs. 12,150/- towards Kollegal High School extension, I have the honour to report that an estimate for Rs. 17,800/- was sanctioned by the Board in its resolution No. 204, dated the 29th July 1922 for the additional accommodation that was necessary

necessary for the Bhavani School. The estimate was prepared by the District Board Engineer, and approved by the Superintending Engineer. The design was approved by the Inspector of Schools.



2. The School is at present held in three different buildings, two of them, rented. The inspecting authorities have been repeatedly remarking about the necessity for providing additional accommodation. The school is a growing school and as it was represented both by the Head Master and the Inspector that the present arrangement should not be continued, the work has to be undertaken in the current year.

3. As already reported in the letter quoted above, the present financial position of the Board will not permit of its undertaking such a large expenditure on buildings. On account of the urgent necessity for the additional accommodation and the insistence of the educational authorities, the Board has sanctioned the two estimates under the full expectation that the Government will sanction at least half the cost.

4. The total cost of the two estimates comes to -- Rs. 42,100/- I request that the Government will be pleased to sanction half of it. The construction of the Kollegal -- additional block has been started and tenders have been called for for the Bhavani School extension. In case the Government is not prepared to sanction the half cost, I request that I may be informed immediately so that I may not start the Bhavani school extension work, as the Board cannot meet from its own -- resources the cost of both the works without Government help.

Extension to the Kollegal high school building - Coimbatore Dt.

The D.P.I. recommends to Govt. that the request of the Coimbatore D.B. for a half grant of Rs. 12,000 towards the cost of extension of the high school building at Kollegal may be complied with the plans + estimates have been technically sanctioned by the Supdg. Engineer and also approved by the special consulting architect & the D.P.I

2 As the necessity for the extension has been recognised by the educational p3 cf officers & the request may be favourably considered. The extent to which aid may be given may be decided after scrutiny of the financial position of the Board. The file may then be passed on to Law (Edn) for issue of orders.

3. The normal surplus or deficit of the Dt. Board for the 4 years

ending with 1924-25 is as shown below:-

		Rs

		~~239,303~~
1923-24	R.E	+2,46,439
1924-25	B.E.	+ 1,44,858.

The Board's closing balance ~~according~~ in its Budget for 1924-25 as revised with reference to the actual balance on 1-4-24 will be Rs. 38,213 in the Genl. accs (exclusive of) the net earnings from Railways of Rs. 1,76,925.

The Board's financial position is satisfactory and there is therefore no strong case for (more than) half grant of Rs. 12,000 for the purpose.

The extensions are expected to cost Rs 24,000 (as above) and the board's balance on 1/4/25 will be only Rs 36,000 (as above). It cannot therefore find the entire amount - the DPI's recommendation for a half grant may be accepted

It does not seem that any grant from Provincial funds should be given in this case. The Dt. Board is ~~quite~~ rich and can very well afford to meet the entire cost (Rs. 24,000) from its own funds. Govt. have not undertaken to give a half grant in all cases, as a matter of course irrespective of the financial position of the local body concerned. In a similar case (Vadagarai
